Applying to school and getting the money you need.....	15
Getting accepted and getting ready for class.....	16
Being a Star Student	16
Making your way around your classroom.....	17
Meeting the instructor, fellow students, and other important folks.....	17
Communicating with clarity	17
Strengthening your study habits	18
Working well in a group	18
Understanding online manners and ethics.....	19
Completing and turning in assignments	19
Transitioning after you're done with school.....	20
Looking at a Few Special Situations in Online Education.....	20
Students in kindergarten through high school	21
Students from abroad.....	21
Students with disabilities.....	22

Chapter 2: The Traits and Benefits of Online Education 23

- What Makes Online Education Different from Traditional Education? 23
 - Connecting to coursework and people via the Internet 24
 - Working when it’s convenient..... 26
 - No loafing! 27
- Who Benefits from Online Education? 28
 - Adults beyond traditional college age 28
 - Traditional college students..... 31
 - Seniors and retirees..... 32
 - High school and homeschooled students 33
- Getting a Grip on Potential Pitfalls 34
 - Online education isn’t easier..... 35
 - You can’t have spontaneous, face-to-face discussions..... 35
- Determining Whether You’re Ready to Join the World of Online Education 36
 - Assessing your own discipline..... 36
 - Knowing your learning style..... 37
 - Being patient and tolerant 39

Chapter 3: The Technology and Technological Skills You Need to Succeed 41

- Checking Your Technological Readiness 41
 - Meeting minimum hardware requirements..... 42
 - Meeting software requirements..... 46
 - Establishing a reliable Internet connection..... 49
- Testing Your Technological Abilities..... 50
 - Reading and scrolling efficiently..... 51
 - Typing quickly and accurately..... 51
 - Organizing folders..... 52
 - Navigating the Web..... 54
 - Downloading and installing software 55
 - Using e-mail 56
- Staying Safe Online..... 57
 - Making secure payments 57
 - Remembering and protecting passwords..... 58
 - Ensuring personal security..... 60

Part II: Preparing to Be a Student 63

Chapter 4: Discovering What’s Available Online. 65

- Examining Different Types of Online Programs and Courses 65
 - Earning traditional credit..... 66
 - Obtaining certifications..... 68
 - Continuing your education with a few classes for fun or profit 69
- Finding Out Which Institutions Offer Online Programs and Courses 70
 - Four-year colleges..... 71
 - Two-year colleges 73

Other institutions for certificates, professional development, and training 74

Virtual schools for children and teens..... 74

Checking Out Different Structures of Online Courses 76

 Just you and the monitor (fully online) versus blended courses (partly online)..... 76

 Instructor-led courses versus self-paced courses 77

 Asynchronous courses versus synchronous (real-time) courses..... 80

Finishing Your Schooling Faster with Accelerated Programs and Courses 81

 The benefits and challenges of accelerated programs 81

 Tips for successfully completing accelerated classes 82

Chapter 5: Doing Your Homework: Evaluating Schools 83

Focusing on What You Need in a School..... 83

 Considering the program you’re interested in..... 84

 Determining whether or not a program is affordable 85

 Checking out class size (and the student-to-instructor ratio) 85

 Knowing how much time you can commit and how it may be spent 86

 Planning ahead: Figuring out whether your credits will transfer 88

Finding an Accredited School 89

 Recognizing the two types of accreditation 89

 Seeing the benefits of accreditation 92

 Determining whether an online program is accredited 92

 Other factors that contribute to an institution’s credibility 93

Talking to the Right People to Get the Answers You Need..... 94

 Talking to an academic advisor about the school..... 95

 Asking a faculty member about the program..... 98

 Chatting with other students about their experiences..... 99

Narrowing Your Options 100

Chapter 6: Applying to School and Securing the Cash 101

Applying to an Online Program 101

 The basic application forms 102

 Your personal essay 103

 Letters of recommendation 106

 Test scores 107

 When it’s all due..... 107

 Lending a helping hand: The recruiter, advisor, or counselor 108

Calculating the Costs of Online Classes 108

Figuring Out How You’re Going to Pay for Online Classes..... 111

 Do you need financial aid? 111

 What types of financial aid are available? 112

Applying for Federal Financial Aid 112

 Knowing whether you’re eligible for funds from Uncle Sam..... 113

 Filling out and submitting the FAFSA 113

Chapter 7: Getting Accepted and Prepping for Class 115

Finding Out Whether You've Been Accepted or Rejected	115
Registering for Classes.....	117
Creating a plan with your academic advisor.....	117
Picking your first classes	118
Gathering the information you need to register	120
Understanding registration processes.....	120
Taking action if a course you want is full	121
When in doubt: Talking to your academic advisor	122
Getting Oriented	122
Determining whether an orientation is available and/or required	123
Distinguishing types of orientation programs	123
Participating in orientation	125
Buying Books.....	127
Knowing which textbooks you need	127
Deciding where to buy your textbooks.....	128
Buying new or used — that is the question	129

Part III: The Virtual Classroom: Being an A+ Student ... 131**Chapter 8: Navigating the Classroom 133**

Reaching Your Virtual Classroom	133
Using the right address and setting some Internet options.....	134
Logging in and checking out the portal	135
Finding your course's home page.....	136
Locating and Understanding Critical Documents	138
The syllabus	139
The calendar.....	140
Finding out how you're graded.....	142
Modules and More: Understanding a Course's Content Organization	145
Attending Virtual Office Hours.....	146
Discovering the value of virtual office hours	147
Accessing the virtual office	148

Chapter 9: Meeting the People in (And around) Your Classroom . . . 149

Getting to Know the Folks Who Are Front and Center	150
Acquainting yourself with your instructor	150
Interacting with fellow students	154
Seeing Who's Behind the Scenes	156
Noting classroom guests and observers.....	157
Calling on technical support	158
Receiving academic support	161
Developing your personal support system	163

Chapter 10: Communicating Clearly Online	165
Checking Out Methods of Communicating Online	165
Instructor-to-class communication in news and announcements.....	166
Student-to-student communication in discussions	167
One-on-one communication via private e-mail or messaging	168
Creating and Putting Forward an Online Persona	170
Depicting positive personality traits online	171
Developing relationships	174
Participating in Discussions	174
Understanding why you're asked to discuss	175
Organizing discussions in different ways	175
Figuring out discussion requirements	177
Avoiding overposting	178
Tapping into Social Networks	178
The benefits of communicating outside the virtual classroom ..	179
Avoiding distractions	180
Chapter 11: Developing Good Study Habits for Online Courses	181
Setting Aside Time to Work.....	181
Working at your peak times.....	182
Checking in every day for a short time.....	182
Calculating how much time you need to finish longer tasks.....	183
Blocking off enough study time each week	185
Navigating the Web Efficiently.....	185
Keeping multiple browser windows open	185
Avoiding time wasted by chasing links.....	187
Using social bookmarking tools.....	188
Reading Wisely.....	190
Finding the stuff you need to read.....	190
Deciding whether to print online reading material	192
Increasing the font size in your browser to help you read more easily	192
Taking notes on what you read.....	193
Keeping track of everything you've already read.....	194
Visiting the Library.....	195
Accessing the library.....	196
Doing research online	197
Watching tutorials on the library site	200
Working Offline	201
Chapter 12: Getting a Handle on Group Dynamics	203
Making Your Online Group Successful	204
Introducing yourself in a group forum.....	204
Establishing a leader and other roles	205
Setting up a group schedule.....	206

Meeting in real time.....	207
Using collaborative tools.....	208
Being patient.....	212
Resolving Conflicts.....	213
Understanding the conflicts you may encounter (and handling them)	213
Bringing problems to your instructor’s attention	215
Chapter 13: Understanding Netiquette and Ethical Behavior	217
Defining and Using Netiquette	217
Communicating politely and respectfully.....	218
Avoiding stereotyping.....	221
Recognizing the Importance of Online Ethics.....	221
Being honest in the written word	221
Showing integrity by following through.....	222
Respecting privacy and confidentiality	222
Asking before you repurpose prior work	223
Avoiding Plagiarism.....	223
Defining plagiarism and related concepts	224
Getting the facts on plagiarism	224
Citing sources properly	225
Checking your own work	227
Looking at the penalties for plagiarism	228
Chapter 14: Finishing and Submitting Your Assignments.	231
Understanding the Ramifications of Rubrics	232
Breaking down rubrics	232
Using rubrics to your advantage	234
Writing 101	235
Checking out different writing styles	235
Knowing what’s expected in your writing	237
Demonstrating critical thinking	238
Completing Different Types of Assignments.....	239
Mastering papers and projects	239
Participating in discussions	241
Taking quizzes and tests.....	242
Submitting Assignments	244
Drop-boxes and e-mail attachments for papers and projects.....	244
Post, Emily! Submitting discussion posts	244
The “submit” button on quizzes and tests	245
Tips for submitting any assignment.....	246
Chapter 15: Transitioning after School.	247
Developing an ePortfolio	247
Understanding how to use an ePortfolio	248
Checking out typical components of an ePortfolio	249

Choosing a method for creating an ePortfolio	254
Designing a successful ePortfolio	256
Transferring your existing portfolio to the Web.....	258
Getting Help with Finding a Job	259
Utilizing career services at your school	259
Perusing general job search sites.....	260
Establishing networks while studying online.....	261

Part IV: Special Considerations in Online Education.... 263

Chapter 16: Educating Students from Kindergarten through High School265

Understanding Why Kids Are Going to School Online.....	266
Wanting to be online	266
Needing to be online.....	266
Seeing the Differences between K-12 and Adult Online Education	267
Safety concerns with children.....	267
Enhanced parental involvement	269
More real-time opportunities	270
The need to work offline	271
Checking Out Different Kinds of Virtual Schools for Kids and Teens	272
State-funded schools	272
Private online schools	277
Going through the K-12 Enrollment Process.....	278
Finding the right classes	278
Confirming credits before taking classes.....	279
Understanding articulation agreements	280

Chapter 17: Connecting with International Students. 281

Taking First Steps toward Going to a U.S.-Based Online School	281
Getting a grip on the benefits of attending a U.S.-based online school	282
Proving language proficiency (if necessary)	283
Transferring credits from schools abroad	286
Handling costs and payments	287
Don't forget your books!	287
Accessing the Internet around the World	287
Considering residential expenses.....	288
Getting connected outside your home.....	288
Being aware of restrictions.....	290
Making the Most of Your Class Time	290
Understanding what's different about classes in the United States.....	290
Adjusting for differences in time zones	291
Joining study groups	292

Chapter 18: Accessibility in Online Education	295
Determining Whether the Courses You Want to Take	
Are Accessible	296
Do the courses follow any accessibility standards?	296
Are the courses tested for accessibility?.....	299
How will the school help me if I'm unable to access information in the courses?	300
Disclosing a Disability to Your Chosen Online School	301
Understanding why and when you need to disclose	301
Figuring out what information to disclose	302
Keeping privacy in mind	303
Using Assistive Technology Online.....	305
Reading Web pages with screen readers.....	305
Transcribing and captioning audio and video files	306
Considering accommodation options for synchronous sessions	307
 Part V: The Part of Tens	 309
 Chapter 19: Ten Myths about Online Education	 311
Online Education Is Anytime/Anywhere.....	311
Only Kids Take Online Courses	312
An Online Course Is a Great Way to Learn	
How to Use Your Computer.....	312
You Must Be a Computer Geek to Take an Online Course.....	313
Online Education Is Easier Than Traditional Education	313
Online Education Is Lower in Quality Than Traditional Education	314
Online Education Is Always Independent.....	314
Online Education Is Less Personal Than Traditional Education	315
You Need a Webcam for an Online Class	315
Everyone Cheats Online	316
 Chapter 20: Ten Nationally Recognized Online Schools	 317
California State University, Chico.....	317
Capella University	318
Florida State University Online.....	318
Florida Virtual School	319
Kaplan University	319
Nova Southeastern University	320
Penn State Online	320
University of Phoenix.....	321
Walden University	321
Western Governors University	322
 Index	 323
